

Thank you for helping our AP Statistics classes investigate if there is an association between oral and overall health, an idea gaining international attention because of the controversial documentary *Root Cause*. **Please complete the anonymous survey below.** There are no personally identifiable questions and your survey will be randomly shuffled in a box with the others prior to data entry.

1. Use the diagram at the left to record your dental health. Be careful to correctly identify the right and left sides.

2. Circle your age range: 0-19, 20-39, 40-59, 60-79, 80+

3. Circle your biological sex: Male Female Intersex

4. Cancers (circle all that apply): None, lung cancer, Leukemia, prostate cancer, breast cancer right, breast cancer left, colorectal cancer, bladder cancer, non-melanoma skin cancer, melanoma, Non-Hodgkin lymphoma, kidney cancer, pancreatic cancer, uterine cancer, thyroid cancer, other cancer.

5. Chronic illness (not cancer) associated with the following organs (circle all that apply): None, heart, small intestines, pancreas, lungs, large intestine, liver, gallbladder, kidneys, stomach, spleen.

6. Eye diseases (circle all that apply): None, glaucoma, macular degeneration, cataracts, other.

7. Autoimmune Disorders (circle all that apply): None, Rheumatoid arthritis, Lupus, IBD, MS, Type 1 diabetes, Guillain-Barre syndrome, Graves' disease, Other.

8. Miscellaneous (circle all that apply): chronic fatigue, insomnia, panic attacks, hypothyroidism, Parkinson's.

9. Emotional. Circle the emotion(s) that are most troublesome in your life or that define your personality. If you don't know, ask someone that lives with you.

Irritability, Grief, Sadness/lack of Joy, Worry, Fear, Anger.

10. Eating Habits. I would rate my eating habits as (circle the one best description):

extremely healthy, healthy, moderate, could be better, should be much better.

Disclaimer: None of the 18 HIPAA Identifiers that are considered personally identifiable information were requested in this survey. The voluntary, anonymous information you provided will be used for educational purposes.
